HISTORY

The Story of Ledges Hotel
and Glass Wine. Bar. Kitchen

Ledges Hotel is a unique, adaptive design and historical preservation of the O'Connor Glass Factory, which operated at this site during the 1890s.

The building, listed on the National Register of Historic Places, is constructed of hand-cut Pennsylvania Bluestone. It sits on the edge of a stunning gorge and seasonal waterfall, offering spectacular views. A hand-crafted, eco-conscious design incorporated the building's architectural history and natural beauty into every detail.

The history of the O'Connor Glass Factory accents the decor of dining room with original glass mold prints and displays incorporating the historical features of the building.
